

The difficult installs, handled.

When a customer's luxury appliance won't fit the plan, the panels won't line up, or an older Sub-Zero needs saving, send it my way. Better yet, call me before the cabinets are built.

★ VETERAN-OWNED ★ FULLY INSURED ★ 1-YEAR LABOR WARRANTY ON INSTALLS

Pre-Install Workup

Catch install-day problems while they're still cheap to fix. I check every appliance against its spec sheet:

- Openings and panel overlays
- Power, gas, water, drain
- Hood duct and clearances
- Delivery path

Rather not make the changes? I can do the modification work myself, quoted flat-rate like the install.

from **\$150**

Written report with photos and a fix list.

Priced by package size:

\$150 (1-4) · \$250 (5-12) · \$350+ (13+)

Credited toward the install.

Your first Workup is free.

WHAT I TAKE ON

Panel-ready & integrated

- Column refrigerator & freezer pairs
- Integrated dishwashers, drawers, under-counter
- Custom panels aligned to the cabinetry

Sub-Zero restoration

- Mold remediation and deep clean
- New OEM gaskets, drain and coil service
- Amp draw and temperature pull-down test

Tight or custom fits

- Openings that are off-spec or too tight
- Trim kits, cleats, base platforms
- Venting and duct offsets for hoods

Brands

- Sub-Zero, Wolf, Cove
- Thermador, Miele, Monogram
- Other luxury brands, just ask

HOW TO REFER A CUSTOMER

- 1 **Book a Pre-Install Workup** while the project is still on paper, or send a photo and model number for a simple swap.
- 2 **I send a written report** with photos, measurements, a fix list for your trades and a flat-rate install quote.
- 3 **Install day goes to plan.** You get a photo of the finished install and a short write-up for your records.

**Book your free first
Workup today.**
